

A group of students were asked to list seven wonders of the world. Students quickly wrote recollecting what they had studied - *Great Pyramid, Taj Mahal, Grand Canyon, Hanging gardens, Mount Everest, Great barrier reef, Great Wall of china.*

There was one student, not good in memorizing, was struggling to complete his list, which read - *To see, To imagine, To dream, To play, To hear, To taste, To laugh.*

Which is your list?
